I read through portions of this governor's proposed bill and continually ask questions.
Why are LEGAL pistol permit holders being targeted for lack of a better word?
Are the legal gun owners committing acts of carjacking, robberies, or selfless violent shootings? Why would you punish, and restrict the legal gun owners who followed and obeyed laws that are already enacted?
I read and question restrictions on new places that would be prohibited from legal carry.

Polling places?
Any organized event of protest or vigil?
Public transportation?

As a retired police officer of 30 years I could tell you with certainty that no other device, not a whistle, horn, mace, pepper spray, club, or any instrument will equal and provide protection to potential victims of violent crime as will a handgun. Especially a woman as they are targeted almost 3 times more than a man and usually by multiple attackers.

This is common sense folks. Legally Obtained firearm owners are not anyones enemy. Do your diligence and go after violent criminals committing crimes, and keeping those who have committed violent crimes separated from society. Locked up!
